

## Medicine at Camp Prism

We will have children's Tylenol and anti-itch cream, but your child will need to bring any other medication that he or she may need during the week. Medication will be kept by an adult chaperon, who will make sure your child is taking the correct dose of the correct medication at the correct time.

Child's Name \_\_\_\_\_

Can your child be given Tylenol?    Yes                    No

Please complete the following information for each medication your child will need to take at camp:

Name of medication \_\_\_\_\_

Reason for medication \_\_\_\_\_

Dosage \_\_\_\_\_

Directions for administration \_\_\_\_\_
